२०८२।०८३ को वार्षिक साधारण सभामा अध्यक्षज्यूको मन्तव्य

यस सेन्चुरी इनर्जी लिमिटेडको गरिमामय २०८२।८३ को साधारण सभामा आफ्नो अमूल्य समय दिएर उपस्थित हुनुभएका आदरणीय शेयरधनी महानुभावहरु, कम्पनिको निमन्त्रणा लाई स्विकार गरेर पाल्नु भएका अतिथि महानुभावहरु, नियमन निकाय का प्रतिनिधी महानुभावहरु, कम्पनिका सञ्चालक मित्रहरु, कर्मचारीहरु तथा उपस्थित भद्र भलादमी सज्जन वृन्दहरुमा सञ्चालक समिती र मेरो व्यक्तिगत तर्फबाट यहाहरु सबैलाई न्यानो उपस्थिति कालागि हार्दिक कृतज्ञता सहित स्वागत अभिवादन व्यक्त गर्दछु । आज हामी केवल कम्पनिको वार्षिक प्रगति विवरण प्रस्तुतगर्न मात्र नभएर, हामी सबै मिलेर देखेको सपना, भोगेका चुनौतिहरु र हासिल गरेका सफलता हरुको उत्सव मनाउन एकै ठाउमा भेलाभएका छौ । तपाइहरुको अटुट विश्वास र निरन्तर सहयात्रा नै हाम्रो उर्जाको मूल श्रोतहो, जसले हामीलाई हरेक आरोह, अवरोहमा अघि बढ्न प्रेरित गरिरहन्छ ।

आदरणीय शेयरधनी महानुभावहरु,

एक शताब्दीभन्दा अघि, सन १९११ मा जब फर्पिङवाट ५०० किलोवाट विजुली निकालेर काठमाण्डौंका महत्वपूर्ण क्षेत्रहरु भलमल्ल भएका थिए, त्यतिबेला हाम्रापुर्खा हरुले शायदै सोचेका थिए होलान कि यहि विजुली एकदिन नेपालको आर्थिक समृद्धिको मूल आधार बन्नेछ । आज विश्व जलवायु परिवर्तनको संकटसंग जुधिरहेको बेला, जलविद्युत केवल उर्जाको श्रोत मात्र रहेन, यो हाम्रो ग्रह लाई बचाउने एउटा पवित्र अभियान बनेको छ । यसको ज्वलन्त उदाहरण हाम्रो छिमेकी मूलुक चिन हो, जसले संसारलाई नै चकित पार्दै आज एकलै ४०० गिगावाट (अर्थात ४ लाख मेगावाट) भन्दा बढि जलविद्युत क्षमता जडान गरि सकेको छ । विश्वकै सबैभन्दा ठूलो श्री गर्जेज बाँध भन्दापनि भण्डै तीन गुणा शक्तिशाली, ६० गिगावाटको अर्को भिमकाय परियोजना तिब्बतमा निर्माण गर्ने महत्वकांक्षी योजना अघि बढाएको छ । त्यसैगरी, अर्को छिमेकी मूलुक भारतले आफ्नो विशाल उर्जा मागलाई सम्बोधन गर्न हालसम्म करिव ५० गिगावाट जलविद्युत उत्पादन गरिरहेको छ र आगामी दशकमा थप हजारौ मेगावाट निर्माण गर्ने लक्ष्य राखेको छ । सरसर्ती हेर्दा, आज विश्वभर करिब १३०० गीगावाट जलविद्युत सञ्चालनमा छ । यहि विशाल क्षेत्रिय परिवेश, नेपाल विद्युत प्राधिकरण र निजी क्षेत्रको अथक प्रयासबाट हाम्रो कुल जडित क्षमता ४२०० मेगावाट नाघ्नु र वर्षा यामको विजुली भारत निर्यात हुनु गौरवपूर्ण सुरुवात हो । जलविद्युत आयोजनाहरुले विजुली मात्र होइन, हाम्रो देशका दुर्गम क्षेत्र हरुमा विकासको उज्यालो पु(याउछन, हजारौ लाई रोजगारी दिन्छन र कार्बन क्रेडिट जस्ता अन्तराष्ट्रिय व्यापार मार्फत देशलाई विदेशी मुद्रा आर्जन गर्ने अवसर प्रदान गर्दछन । यो हाम्रो लागि व्यवसाय मात्र होइन, हाम्रा भावी पुस्ता लाई एउटा सफा र समृद्ध नेपाल सुम्पिने संकल्पमा सानो साथ पनि हो ।

एक समय थियो, जब हामी घण्टौको लोडसेडिङमा बस्न विवश थियौ । त्यो अन्धकार लाइ चिर्दै हामी उज्यालोको युगमा प्रवेश त गरेका छौं, तर हाम्रो यात्रा अझै सकिएको छैन । विशेषगरी, हिउँदमा घटदो नदिहरुको बहावसँगै उत्पादनमा आउने कमिले हामीलाई परनिर्भरताको पिडाबोध गराइरहन्छ । अर्कोतर्फ, उत्पादित विजुलीलाई उपभोक्ताको घरदैलोसम्म पुर्याउने भरपर्दो प्रसारण तथा वितरण प्रणालीको अभाव हाम्रो अर्को प्रमुख चुनौती हो । जलविद्युत आयोजनाको एक विकासकर्ताको नाताले मैले देखेको, यसको समाधान का लागि केवल नदि प्रवाह आयोजना हरूमा मात्र सिमित नभएर, उर्जा सुरक्षा सुनिश्चित गर्ने जलाशययुक्त आयोजना हरूको निर्माणमा राज्य र निजीक्षेत्र दुवैले जोड दिन अपरिहार्य छ । राज्यले उत्पादनसँगै खपत बढाउने अभियान पनि संगसँगै लैजानुपर्दछ ।

आदरणीय शेयरधनी महानुभावहरु,

शेयर बजारको अनिश्चित उतारचढाव र घरजग्गा व्यवसायको अस्थिरताको तुलनामा, जलविद्युत क्षेत्रमा गरिएको लगानी ढुङ्गामा कुदिएको अक्षर जस्तै सुरक्षित र दिगो देखिएको छ । यसको एकमात्र कारण हो बजारको सुनिश्चितता । नेपाल विद्युत प्राधिकरणसँग हुने विद्युत खरिदविक्री सम्झौताले हाम्रो आम्दानीलाई दशकौ सम्मको लागि ग्यारेन्टी गर्दछ । यो केवल एउटा आयोजनामा गरिएको लगानी होइन यो देशको भविष्यमा, भावी पुस्ताको उज्यालोमा र राष्ट्रिय स्वाभिमानमा गरिएको लगानी हो । एकपटक निर्माण सम्पन्न भएपछि सामान्य सञ्चालन खर्चमा जलविद्युत आयोजनाहरुले पुस्तौसम्म प्रतिफल दिइरहन्छन्, हाम्रै आयोजना, हाडिखोला साना जलविद्युत आयोजना (९९७ किलोवाट) ले सञ्चालनमा आएको आर्थिक वर्षवाट दिदै आइरहेको प्रतिफल लाइ यसको उदाहरणको रुपमा लिन सकिन्छ । शेयरधनीहरुको दिर्घकालिन हितलाई ध्यानमा राखी प्रस्तुत आर्थिक वर्ष २०८२।८३ को आर्जित मुनाफावाट चुक्ता पूँजी २०.४ करोडको कर बाहेक १० प्रतिशतका दरले रु २,०४,००,०००। (अक्षरेपी दुइ करोड चार लाख) नगद लाभांश वितरण गर्ने प्रस्ताव यस गरिमामय सभामा पेश गरेको छु । त्यसैले, जलविद्युत मा लगानीगर्ने भनेको क्षणिक नाफा कमाउन मात्र होइन, देशको आर्थिक विकासको महायज्ञमा आफ्नो तर्फवाट एउटा इटा थप्नु पनि हो ।

आदरणीय शेयरधनी महानुभावहरु,

अब म यस कम्पनिको पहिलो फल, हाम्रो गौरव, हाडिखोला (सुनकोशी ए) साना जलविद्युत आयोजना (९९७ किलोवाट) को यथार्थता यहाहरु समक्ष राख्न चाहन्छु । यो आयोजना निर्माणको यात्रा कुनै युद्धभन्दा कम थिएन । विश्वव्यापी कोरोना महामारीको सकटका विच आयोजना निर्माण सम्पन्नता गरे पनि संचालनको शुरुवात गर्न निकै सकस भएको, र निर्माण सामग्री र ब्याजदर मा भएको अस्वाभाविक बृद्धि जस्ता अनगिन्ति आधिबेहरी हरूको सामनागर्दै, हामीले यो आयोजनालाई २०७७ साल भाद्र १२ गते देखि सञ्चालनमा ल्यायौ र हाल सम्म निरन्तर ठूलो क्षतिविना ७ औ वर्षमा संचालन भइरहेको छ । तर, हाम्रो संघर्ष यतिमै रोकिएन । २०७९ आषाढ २ गते को अप्रत्याशित बाढि र पहिरोको वितण्डाले आयोजनाको मुहानमा ठूलो क्षति साथै २०८० र २०८१ मा पहिरोको कारणले पाइपलाइनमा क्षति, आयो

जना वाट उत्पादित विद्युत स्थानिय वितरण लाइनमा जोडिएको कारण वार्षिक ८०० घण्टा सम्म अवरुद्ध हुने अवस्था र सोहि कारण वार्षिक ५० लाख सम्मको आम्दानीमा क्षति नोक्सानी व्यहोर्न परेको तितो सत्य म यहाहरु समक्ष लुकाउन चाहन्न । तर, चुनौति हरुसग भाग्ने होइन, जुध्ने हाम्रो संकल्प छ । कम्पनिको सञ्चालक समिती तथा व्यवस्थापनले यो समस्याको स्थायी समाधानका लागि दिनरात लागि परिरहेको छ र त्यसैको प्रयास स्वरुप हामीले प्रसारण लाइन सुधारको पहल गर्दै नेपाल विद्युत प्राधिकरण संग सयुक्त रुपमा करिब ५ किमी नया निमार्ण सम्पन्न गर्यौ जसले गर्दा निरन्तर अवरुद्ध भइरहने प्रसारणमा केहि सुधार महशस गर्यौ । अबै हामी यस आयोजना वाट उत्पादित विद्युत लाइ आफ्नै डेडिकेटेड प्रसारण लाइन निमार्ण गरि नव निर्मित बाह्रविसे सवस्टेसनमा जोडने योजना सहित कार्य अगाडि बढाइ रहेको जानकारी गराउदछौ । उक्त प्रसारण लाइन निर्माण पश्चात हामीले भोगिरहेको नोक्सानी न्युन भइ आगामी आर्थिक वर्षहरु देखि हाम्रो आयोजना विना अवरोध सञ्चालन हुनेछ र हामीले उक्त किसिमको नोक्सानी व्यहोर्न नपर्नेमा, यहाहरु लाइ विश्वास दिलाउन चाहन्छु । त्यसपछि हाम्रो संचालनमा समग्र सुधार भइ थप प्रतिफल दिन सफल हुनेछौ ।

आदरणिय शेयरधनी महानुभावहरु,

एउटा आयोजनाको अनुभव र सफलताबाट उत्साहित हुदै हामीले भविष्यको नया अध्यायको रुपमा चम्पावति हाइड्रोपावर लिमिटेड द्वारा प्रवर्तित चेपेखोला साना जलविद्युत आयोजना (७ मेगावाट) मा रु १ करोडको लगानी गरिसकेका छौ जुन आयोजना ०८१।३।२५ बाट व्यवसायिक उत्पादन शरु भइसकेको छ । लमजुङ स्थित निमार्णाधिन न्यादिफिदी जलविद्युत आयोजना (२१.४० मेगावाट) मा पनि १ करोड लगानी गरिसकेको छौ तथा थप लगानीको लागी समेत छलफल भइरहेको छ । त्यस्तै अग्रणी कृषि व्यवसायिक कम्पनी मेरो किसान लिमिटेड, जसले कृषिक्षेत्र लाइ आधुनिक प्रविधि संग जोडदै किसान र उपभोक्ता बीच प्रत्यक्ष तथा प्रभावशाली सम्बन्ध स्थापना गर्ने उद्देश्य राखेको छ, यस कम्पनिमा समेत हाम्रो कम्पनीले १ लाख कित्ता शेयर रु १ करोड १५ लाख मा खरिद गरि लगानी गरेको छौ । अन्य जलविद्युत आयोजनाहरु संग पनि लगानीको लागि प्रारम्भिक सहमति भएको छ । बैतडि स्थित गन्नीगाड साना जलविद्युत आयोजना (१००० किलोवाट) मा रु १ करोड १० लाख तथा म्याग्दि स्थित तल्लो रुप्से खोला जलविद्युत आयोजना (१८६० किलोवाट) मा रु २ करोड लगानी गर्न दुवै कम्पनि संग MoU सम्झौता भएको छ । उक्त आयोजनाहरुको निमार्ण अगाडि बढे पश्चात तथा कम्पनिले प्रारम्भिक शेयर निष्कासन वाट रकम प्राप्त गरेपछि यहि आर्थिक वर्ष भित्र लगानीका लागि भुक्तानी गरिनेछ । मोरङ स्थित चिसाङखोला साना जलविद्युत आयोजना (१.८० मेगावाट) मा पनि हाल प्रवर्धन गरि रहेको स्थानिय हरु सग मिलेर संयुक्त रुपमा लगानी सहित निमार्ण गर्ने योजना रहेको छ । त्यस्तै संखुवासभा स्थित माथिल्लो मायाखोला साना जलविद्युत आयोजना (५ मेगावाट) मा मुख्य लगानी सहित निमार्णमा सकृय रुपमा सहभागी हुनेगरि वार्ता भइरहेको यसै सभा मार्फत सबैलाइ जाकारी गराउदछु । यस कम्पनि वाट लगानी गरिएका आयोजना हरुको सफल सञ्चालनले हाम्रो कम्पनिको वित्तिय स्वास्थ्य लाइ थप बलियो बनाउने र यहाहरुको लगानीमा अब्भ राम्रो प्रतिफल दिने मा हामी विश्वस्त छौ ।

आदरणीय शेयरधनी महानुभावहरू,

हामीलाई थाहा छ, तपाइ हामी सबैजना कम्पनिको प्रारम्भिक शेयर निष्काशन (IPO) तथा नेप्सेमा सुचिकृतको लागि व्यग्र प्रतिक्षामा छौ । हामीले आयोजना प्रभावित क्षेत्रका बासिन्दा तथा सर्वसाधारणको लागि रु ३ करोड बराबरको ३ लाख कित्ता प्रारम्भिक शेयर (IPO) निष्कासन गर्न २०८१ साल मंसिर १४ गते नै नेपाल धितोपत्र बोर्ड (SEBON) मा आवेदन दिइसकेका थियौ । तर, बोर्डको प्रक्रियागत कारणले गर्दा स्विकृतिमा विलम्ब भएको छ । हालसालै नेपाल सरकार द्वारा जारी गरिएको SME निर्देशिका र सोहि कारण वाट कम्पनिमा पूजीबृद्धि गर्न आवश्यक देखिएकोले हामीले कम्पनीको अधिकृत पूँजी रु २५.५० करोड र चुक्तापूँजीरु २०.४० करोड कायम गरि प्रारम्भिक शेयर निष्काशन को निवेदन लाइ संसोधन सहित २०८२ फाल्गुण २८ गते फेरी धितोपत्र बोर्डमा पेश गरिसकेको व्यवहोरा पनि यस सभा लाइ जानकारी गराउदछु । यहाहरु लाइ जानकारी नै छ, यस प्रारम्भिक शेयर निष्काशन वाट आउने रकम र नपुग रकम यसै कम्पनिका इच्छुक शेयरधनिहरु बाट लगानी स्विकार गरि कम्पनिले लगानीका प्रस्ताव गरिरहेको गन्नीगाड, तल्लो रुप्से वा माथिल्लो मायाखोला साना जलविद्युत आयोजना मा लगानी सहित नेतृत्व लिइ निर्माणमा परिचालन गर्ने छौ ।

अन्त्यमा,

यस कम्पनिको हालसम्मको यात्राकुनै एक व्यक्तिको प्रयासले मात्र सम्भवभएको होइन यो हामी सबै को सामुहिक सपना र संकल्पको प्रतिफल हो । यस यात्रामा निरन्तर काँधमा काँध मिलाएर हिड्नुहुने मेरा आदरणीय शेयरधनी महानुभावहरु, सञ्चालक समितीका सहकर्मिहरु, वित्तिय साभेदार माछापुच्छे बैंक, नियमनकारी निकायहरु, स्थानिय जनप्रतिनिधीहरु र आयोजना क्षेत्रका बासिन्दाहरु तथा कम्पनिका कर्मचारी साथीहरु प्रति म हृदयदेखि नै कृतज्ञता व्यक्तगर्न चाहन्छु ।

आदरणीय शेयरधनी महानुभावहरू,

अब, म यस कम्पनिको आर्थिक वर्ष २०८२।८३ को आषाढ मसान्त सम्मको वासलात, नाफा(नोक्सान, नाफा नोक्सान बाडँफाडँ हिसाब, नगदप्रभाव विवरण लगायतका वित्तिय विवरणहरु सहितको वार्षिक प्रतिवेदन यस गरिमामय सभामा छलफलको लागि प्रस्तुत गर्दछु । प्रस्तुत वित्तिय विवरणहरु तथा प्रतिवेदनको अध्ययन पश्चात यहाँहरु वाट प्राप्तहुने रचनात्मक सुभाव, सहयोग र सद्भावले कम्पनिको भावी कार्यदिशा निर्धारण गर्न तथा कम्पनिको लक्ष्य प्राप्तीमा थप सहयोग पुग्ने छ भन्ने विश्वास लिएको छु ।

धन्यवाद ।

INDEPENDENT AUDITOR'S REPORT

To the Shareholders of Century Energy Limited

Report on the Audit of the Financial Statements

Opinion

We have audited the financial statements of Century Energy Limited (the Company), which comprises the statement of financial position as at 32nd Ashad 2083, and the statement of comprehensive income, statement of changes in equity and statement of cash flows for the year then ended, and notes to the financial statements, including a summary of significant accounting policies.

In our opinion and to the best of our information and according to explanations provided to us, the accompanying financial statements present fairly, in all material respects, the financial position of the Company as at Ashad End 2083 and its financial performance and its cash flows for the year then ended in accordance with Nepal Financial Reporting Standards (NFRS).

Basis for Opinion

We conducted our audit in accordance with Nepal Standards on Auditing (NSAs). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Company in accordance with the ICAN's Handbook of Code of Ethics for Professional Accountants together with the ethical requirements that are relevant to our audit of the financial statements, and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the financial statements of the current period. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, we do not provide a separate opinion on these matters.

Responsibilities of Management and Those Charged with Governance for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with NFRSs, and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Those charged with governance are responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with NSAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As a part of audit in accordance with NSAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risk of material misstatement of the financial statement whether due to fraud or error, design and perform audit procedure responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide an opinion. The risk of not detecting a material misstatement resulting from fraud is higher than one resulting from error, as fraud may involve collusion, forgery, intentional omission, misrepresentation, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of internal control.
- Conclude an appropriateness of management use of going concern basis of accounting and, based in audit evidence obtained, whether a material uncertainty exists related to events or condition that may cast significant doubt on the company's ability to continue as going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as going concern.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Evaluate the overall presentation, structure, and content of financial statement including the disclosures, and whether the financial statement represents the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities to express an opinion on the financial statements. We remain solely responsible for our audit opinion.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related standards.

Report on Other Legal and Regulatory Requirement

As per the Companies Act 2063, based on our audit carried out on a sampling basis, we report that, in our opinion:

- We have obtained information and explanations and asked for which, to the best knowledge and belief, were necessary for the purpose of our audit.
- In our opinion the company has kept proper books of accounts as required by law so far, as appears from our examination of those books.
- In our opinion, statements of financial position, profit or loss, other comprehensive income, changes in equity and cash flows, have been prepared in accordance with the requirements of the Companies Act, 2063 and are in agreement with the books of account maintained by the company.
- To the best of our information, and according to the explanation given to us and so far, appeared from our examination of the books of account of the company, we have not come across cases where Board of Directors or any employees of the company have acted contrary to the provisions of law relating to the accounts or committed any misappropriation or caused loss or damage to the company.

- We have not come across any fraudulence in the accounts so far as it appears from our examination of the books of accounts.

Significant Accounting Policies and Notes to Financial Statements
For the year ended on Ashad 32, 2083

Financial Assets and Financial Liabilities are offset and the net amount reported in the Statement of Financial position only when there is a legally enforceable recognized amounts and there is an intention to settle on a net basis, or to realize the assets and settle the liability simultaneously. Income and expenses are not offset in the statement of Profit or Loss unless required or permitted by an accounting Standard.

2.5 Use of Estimates, Assumptions and Judgements

The Company, under NFRS, has applied accounting policies that are most appropriate and suit its circumstances and operating environment. Further, the Company has made judgments in respect of items where the choice of specific policy, accounting estimate or assumption to be followed could materially affect the financial statements. This may later be determined that a different choice could have been more appropriate.

The accounting policies have been included in the relevant notes for each item of the financial statements and the effect and nature of the changes, if any, have been disclosed.

The Company has made estimates and assumptions that will affect the assets, liabilities, disclosure of contingent assets and liabilities, and profit or loss as reported in the financial statements. The Company applies estimates in preparing and presenting the financial statements and such estimates and underlying assumptions are reviewed periodically. The revision to accounting estimates are recognized in the period in which the estimates are revised and are applied prospectively.

Disclosures of the accounting estimates have been included in the relevant sections of the notes wherever the estimates have been applied along with the nature and effect of changes of accounting estimates, if any.

2.6 Going Concern

The financial statements are prepared on a going concern basis, as the Board of the Company is satisfied that the Company has the resources to continue in business for the foreseeable future. In making this assessment, the Board of Directors have considered a wide range of information relating to present and future conditions, including future projections of profitability, cash flows and capital resources.

2.7 Useful life of Property, Plant and Equipment

Depreciation and amortization is calculated over the estimated useful lives of the assets. An item of property, plant and equipment and any significant part initially recognized is derecognized upon disposal or when no future economic benefits are expected from its use or disposal. The residual values, useful lives and methods of depreciation of property, plant and equipment are reviewed at each financial year end and adjusted prospectively, if appropriate.

2.8 Changes in Accounting Policies

The company has applied several amendments to standards for the first time during the year ended 31 Ashad 2081. The company has prepared the opening statement of financial position as per Nepal Financial Reporting Standard (NFRS) as at Shrawan 1, 2080 (16 July 2023) (the transition date) by recognizing all assets and liabilities whose recognition is required by NFRS, not recognizing the items of assets or liabilities which are not permitted by NFRS, by reclassifying items from previous GAAP to NFRS as required by NFRS and applying NFRS in measurement of recognized assets and liabilities.

2.9 Reporting Pronouncements

The company has, for the preparation of financial statements, adopted the NFRS 2018 pronounced for implementation by ICAN effective on July 16, 2020. The NFRS confirm, in all material respect, to International Financial Reporting Standards (IFRS) as issued by the International Accounting Standards Board (IASB) on 01 January 2018.

2.10 New Reporting Standards in issue but not yet effective

For the reporting of financial instruments, NAS 32 Financial Instruments-Presentation, NAS 39 Financial Instruments-Recognition and Measurements and NFRS 7 Financial Instruments-Disclosures have been applied. NFRS 9 has been complied for the classification of Financial Instruments.

A number of new standards and amendments to the existing standards and interpretations have been issued by IASB after the pronouncements of NFRS with varying effective dates. Those become applicable when ASB Nepal incorporates them within NFRS.

A significant impact on classification and measurement including impairment of financial instruments, will arise as a result of application of NFRS 9.

2.11 Discounting

Discounting has been applied where assets and liabilities are non-current and the impact of the discounting is material. The Discounting rate is generally taken based on market interest rate, risk free rate plus risk premium or specific standards guidance. However the Company doesnot have any sort of Borrowing from Bank or other parties. Hence for simplicity purpose the discounting rate is taken as 10%.

2.15 Limitation of NFRS Implementation

Wherever the information is not adequately available, and/or it is impracticable to develop, such exception to NFRS implementation has been noted and disclosed in respective sections.

The bottom section of the page contains several handwritten signatures and official stamps. On the left, there are two handwritten signatures. In the center, there is a large circular stamp of Century Energy Limited, featuring a stylized 'C' and 'E' logo. Significant Accounting Policies and Notes to the Financial Statements
For the year ended on Ashad 32, 2083

3.1 Property, Plant and Equipment

Property Plant and Equipment has been changed as the company has complied with IFRIC 12 and recognized the Expenditure incurred for Hadikhola Sunkoshi A Small Hydropower Project as Intangible Assets
Intangible Assets has been recognized for the hydropower construction cost as the company has Implemented the IFRIC 12.

Recognition and Measurement

Items of property, plant and equipment are measured at cost less accumulated depreciation and any accumulated impairment losses.

Purchased software that is integral to the functionality of the related equipment is capitalized as part of that equipment.

If significant parts of an item of property or equipment have different useful lives, then they are accounted for as separate items (major components) of property and equipment.

Any gain or loss on disposal of an item of property or equipment (calculated as difference between the net proceeds from disposal and the carrying amount of the item) is recognized within other income in profit or loss.

Subsequent Costs

Subsequent expenditure is capitalized only when it is probable that the future economic benefits of the expenditure will flow to the Entity. Repairs and maintenance are expensed as and when incurred.

Depreciation

Depreciation is calculated to write off the cost of items of property and equipment less their estimated residual values using the written down value method over their estimated useful lives, and is generally recognized in profit or loss. Leased assets are depreciated over the shorter of the lease term and their useful lives unless it is reasonably certain that the Entity will obtain ownership by the end of the lease term.

Class of Assets	Estimated Useful Life (in Years)	Depreciation Method
Building	5%	WDV
Office Equipment, Furniture & Fixture and Computer & Accessories	25%	WDV
Plant & Machinery and Other Assets	30 years life	SLM
Vehicle	10%	WDV

The carrying amount of an item of property, plant and equipment is derecognized on disposal or when no future economic benefits are expected from its use or disposal. The gain or loss arising from derecognition of an item of property, plant and equipment is included in profit or loss when the item is derecognized.

Depreciation methods, useful lives and residual values are reviewed at each reporting date and adjusted if appropriate.

3.2 Intangible Assets

Software acquired by the Company is measured at cost less accumulated amortization and any accumulated impairment losses.

Subsequent expenditure on software assets is capitalized only when it increases the future economic benefits embodied in the specific asset to which it relates. All other expenditure is expensed as and when incurred.

Software is amortized on a straight line basis in the statement of profit or loss over its estimated useful life, from the date on which it is available for use. Management has estimated the useful life of intangible for the current and comparative periods which are as follows:

Amortization methods, useful lives and residual values are reviewed at each reporting date and adjusted if appropriate.

3.3 Financial Instruments - Initial Recognition, Classification and Subsequent Measurement

Initial Recognition

All financial assets and liabilities are initially recognized on Entity becomes a party to the contractual provisions of the instrument. This includes regular way trades which means purchases or sales of financial assets that require delivery of assets within the time frame generally established by regulation or convention in the market place.

Recognition and Initial Measurement of Financial Instruments

The classification of financial instruments at the initial recognition depends on their purpose and characteristics and the management's intention in acquiring them. All financial instruments are measured initially at their fair value plus transaction costs that are directly attributable to acquisition or issue of such financial instruments except in the case of such financial assets and liabilities at fair value through profit or loss, as per the Nepal Accounting Standard (Financial Instruments: Recognition and Measurement). Transaction cost in relation to financial assets and financial liabilities at fair value through profit or loss are dealt with the Statement of Profit or Loss.

Classification and Subsequent Measurement of Financial Assets

At the inception, a financial asset is classified into one of the following:

a. Financial assets at fair value through profit or loss

i. Financial Assets Held for Trading

ii. Financial Assets designated at fair value through profit or loss

b. Held to Maturity Financial Assets

c. Loans and Receivables

d. Financial Assets Available for Sale

The subsequent measurement of financial assets depends on their classification.

a Financial Assets at Fair Value through Profit or Loss

A financial asset is classified as fair value through profit or loss if it is held for trading or is designated at fair value through profit or loss.

i. Financial Assets Held for Trading

Financial assets are classified as held for trading if they are acquired principally for the purpose of selling or repurchasing in the near term or holds as a part of a portfolio that is managed together for short-term profit or position taking. This category also includes derivative financial instruments entered into by Entity that are not designated as hedging instruments in hedge relationships as defined by Nepal Accounting Standard NAS 39 (Financial Instruments: Recognition and Measurement).

Financial assets held for trading are recorded in the Statement of Financial Position at fair value. Changes in fair value are recognized in 'Net trading income'. Dividend income is recorded in 'Net trading income' when the right to receive the payment has been established. Interest income earned from financial assets classified as held for trading is recorded under 'Interest income: Financial assets held for trading' using the effective interest rate. Entity evaluates its held for trading asset portfolio, other than derivatives, to determine whether the intention to sell them in the near future is still appropriate. When Entity is unable to trade these financial assets due to inactive markets and management's intention to sell them in the foreseeable future significantly changes, entity may elect to reclassify these financial assets. Financial assets held for trading include instruments such as government securities and equity instruments that have been acquired principally for the purpose of selling or repurchasing in the near term.

ii. Financial Assets designated at fair value through profit or loss

Entity designates financial assets at fair value through profit or loss in the following circumstances:

>>such designation eliminates or significantly reduces measurement or recognition inconsistency that would otherwise arise from measuring the assets.

>>The assets are part of a group of Financial are managed and their with a documented the assets or recognition assets, financial liabilities or both, which are managed and their performance evaluated on a fair value basis, in accordance with documented risk management or investment strategy.

>>The assets contains one or more embedded derivatives that significantly modify the cash flows that would otherwise have been required under the contract.

Financials assets designated at fair value through profit or loss are recorded in the statement of Financial position at fair value. Changes in fair value are recorded in 'Net gain or loss on financial instruments designated at fair value through profit or losses' in the statement of profit or Loss. Interest earned is accrued under 'Interest income', using the effective interest rate method, while dividend income is recorded under 'other operating income' when the right to receive the payment has been established.

The Entity has not designated any financial assets upon initial recognition as designated at fair value through profit or loss.

b. Held to Maturity Financial Assets

Held to Maturity Financial Assets are non-derivative determinable payments and fixed maturities which the Entity has the intention and ability to hold to maturity. After the initial measurement, held to maturity financial investments are subsequently measured at amortized cost using the effective interest rate, less impairment. The amortization is included in 'Interest income' in the statement of profit or loss. The loss arising from the impairment of such investments are recognized in the statement of profit or loss.

c. Loans and Receivables

Loans and Receivables include non-derivate financial assets with fixed or determinable payments that are not quoted in an active market.

>>Those that the Entity intends to sell immediately or in the near term and those that the Entity, upon initial recognition, designates as fair value through profit or loss.

>>Those that the Entity, upon recognition, designates as available for sale.

>>Those for which the Entity may not recover substantially all of its initial investment through contractual cash flows, other than because of credit deterioration.

After initial measurement, loans and receivables financial assets are subsequently measured at amortized cost using the effective interest rate, less allowance for impairment. The amortization is included in 'Interest Income' in the statement of Profit or Loss.

d Financial Assets Available for Sale

Available for sale financial assets include equity and debt securities. Equity Investments classified as 'Available for Sale' are those which are neither classified as 'Held for Trading' nor 'Designated at fair value through profit or loss'.

After initial measurement, available for sale financial investments are subsequently measured at fair value. Unrealized gains and losses are recognized directly in equity through other comprehensive income/expense in the 'Available for sale reserve'. When the investment is disposed of the cumulative gain or loss previously recognized in equity is recognized in the Statement of Profit or Loss under 'Other operating income'. Where Entity holds more than one investment in the same security, they are deemed to be disposed of on a first-in-first-out basis. Interest earned whilst holding 'Available for sale financial investments' is reported as 'Interest income' using the effective interest rate.

Significant Accounting Policies and Notes to the Financial Statements
For the year ended on Ashad 12, 2083

At the inception, a financial liabilities is classified into one of the following

- a Financial Liabilities at Fair Value through Profit or Loss**

i. Financial Liabilities Held for Trading

ii. Financial Liabilities designated at fair value through profit or loss

Entity designates financial liabilities at fair value through profit or loss in the following circumstances:

→ The liabilities are part of a group of Financial are managed and their with a documented the assets or recognition assets, financial liabilities or both, which are managed and their performance evaluated on a fair value basis, in accordance with documented risk management or investment strategy

>>The liabilities contains one or more embedded derivatives that significantly modify the cash flows that would otherwise have been required under the contract

b Financial Liabilities at Amortized Cost

Financial instruments issued by entity that are not classified as fair value through profit or loss are classified as financial liabilities at amortized cost, where the substance of the contractual arrangement results in Entity having an obligation either to deliver cash or another financial asset to another Entity, or to exchange financial assets or financial liabilities with another Entity under conditions that are potentially unfavourable to the Entity or settling the obligation by delivering variable number of Entity's own equity instruments.

After initial recognition, such financial liabilities are subsequently measured at amortized cost using the effective interest rate method. Amortization is included in 'Interest Expenses' in the Statement of Profit or Loss. Gains and losses are recognized in the Statement of Profit or Loss when the liabilities are derecognized.

De-recognition of Financial Assets and Liabilities

a De-recognition of Financial Assets

Entity derecognizes a financial asset (or where applicable a part of financial asset or part of a group of similar financial assets) when

- >>The rights to receive cash flows from the asset have expired, or
- >>Entity has transferred its rights to receive cash flows from the asset or
- >>Entity has assumed an obligation to pay the received cash flows in full without material delay to a third party under a 'pass-through arrangement and either Entity has transferred substantially all the risks and rewards of the asset or nor retained the control of the asset.

On de-recognition of a financial asset, the difference between the carrying amount of the asset (or the carrying amount allocated to the portion of the asset derecognized) and the sum of the consideration received (including any new asset obtained less any new liability assumed) and any cumulative gain or loss that had been recognized in other comprehensive income recognized in profit or loss.

When Entity has transferred its rights to receive cash flows from an asset or has entered into a pass-through arrangement and has neither transferred nor retained substantially all of the risks and rewards of the asset nor transferred control of the asset, the asset is recognized to the extent of the Entity's continuing involvement in the asset. In that case, Entity also recognizes an associated liability. The transferred asset and the associated liability are measured on a basis that reflects the rights and obligations that Entity has retained.

Century Energy Limited
Kathmandu Nepal

Significant Accounting Policies and Notes to the Financial Statements
For the year ended on Ashad 32, 2083

b De-recognition of Financial Liability

A financial liability is derecognized when the obligation under the liability is discharged or cancelled or expired. Where an existing financial liability is replaced by another from the same lender on substantially different terms or the terms of an existing liability are substantially modified, such an exchange or modification is treated as de-recognition of the original liability and the recognition of a new liability. The difference between the carrying value of the original financial liability and the consideration paid is recognized in profit or loss.

Offsetting of Financial Instruments

Financial assets and liabilities are offset and the net amount reported in the statement of financial position when there is a legally enforceable right to offset the recognized amounts and there is an intention to settle on a net basis or realize the asset and settle the liability simultaneously. The legally enforceable right must not be contingent on future events and must be enforceable in the normal course of business and in the event of default, insolvency or bankruptcy of the company or the counterparty.

Income and expenses are presented on a net basis only when permitted under NFRS/NAS's, or for gains and losses arising from a group of similar transactions such as in the Entity's trading activity.

Fair Value Measurement

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date in the principal or, in its absence, the most advantageous market to which the Entity has access at that date. The fair value of a liability reflects its non-performance risk.

When available, the Entity measures the fair value of an instrument using the quoted price in an active market for that instrument. A market is regarded as active if transactions for the asset or liability take place with sufficient frequency and volume to provide pricing information ongoing basis.

If there is no quoted price in an active market, then the Entity uses valuation techniques that maximize the use of relevant observable inputs and minimize the use of unobservable inputs. The chosen valuation technique incorporates all of the factors that market participants would take into account in pricing a transaction.

The best evidence of the fair value of a financial instrument at initial recognition is normally the transaction price i.e. the fair value of the consideration given or received. If the Entity determines that the fair value at initial recognition differs from the transaction price and fair value is evidenced neither by a quoted price in an active market for an identical asset or liability nor based on a valuation technique that uses only data from observable markets, then the financial instrument is initially measured at fair value, adjusted to defer the difference between the fair value at initial recognition and the transaction price. Subsequently, that difference is recognized in profit or loss on an appropriate basis over the life of the instrument but no later than when the valuation is wholly supported by observable market data or the transaction is closed out.

Identification and Measurement of Impairment

At each reporting date, the Entity assesses whether there is objective evidence that financial assets not carried at fair value through profit or loss are impaired. A financial asset or a group of financial assets is impaired when objective evidence demonstrates that a loss event has occurred after the initial recognition of the asset(s) and that the loss event has an impact on the future cash flows of the asset(s) that can be estimated reliably.

Objective evidence that financial assets are impaired includes:

- >> significant financial difficulty of the borrower or issuer,
- >> default or delinquency of the borrower or issuer,
- >> the restructuring of a loan or advance by the entity on terms that entity would not consider otherwise,
- >> indications that a borrower or issuer will enter bankruptcy,
- >> the disappearance of an active market for a security, or
- >> observable data relating to a group of assets such as adverse changes in the payment status of borrowers or issuers in the group, or economic conditions that correlate with defaults in the group.

In addition, for an investment in an equity security, a significant or prolonged decline in its fair value below its cost is objective evidence of impairment. The Entity considers evidence of impairment for loans and advances and held-to-maturity investment securities at both specific asset and collective level. All individually significant loans and receivables and held-to-maturity investment securities are assessed for specific impairment.

Impairment losses on assets measured at amortized costs are calculated as the difference between the carrying amount and the present value of estimated future cash flows discounted at the assets original effective interest rate.

If the terms of financial asset are renegotiated or modified or an existing financial asset is replaced with a new one due to financial difficulties of the borrower, then an assessment is made of whether the financial assets shall be derecognized. If the cash flow of the renegotiated assets are substantially different, then contractual rights to cash flows from the original financial asset are deemed to have expired. In this case, the original financial asset is derecognized and the new financial asset is recognized at fair value. The impairment loss before an expected restructuring is measured as follows:

>> If the expected restructuring will not result in derecognition of the existing asset, then the estimated cash flows arising from the modified financial asset are included in the measurement of the existing asset based on their expected timing and amounts discounted at the original effective interest rate of the existing financial asset.

>>If the expected restructuring will result in derecognition of the existing asset, then the expected fair value of the new asset is treated as the final cash flow from the existing financial asset at the time of its derecognition. This amount is discounted from the expected date of derecognition to the reporting date using the original effective interest rate of the existing financial asset.

Impairment losses are recognized in profit or loss and reflected in an allowance account against loans and receivables or held-to-maturity investment securities. If an event occurring after the impairment was recognized causes the amount of impairment loss to decrease, then the decrease in impairment loss is reversed through profit or loss.

Impairment losses on available-for-sale investment securities are recognized by reclassifying the losses accumulated in the fair value reserve in equity to profit or loss. The cumulative loss that is reclassified from equity to profit or loss is the difference between the acquisition cost, net of any principal repayment and amortization, and the current fair value, less any impairment loss recognized previously in profit or loss. Changes in impairment attributable to application of the effective interest method are reflected as a component of interest income.

If, in a subsequent period, the fair value of an impaired available-for-sale debt security increases and the increase can be related objectively to an event occurring after the impairment loss was recognized, then the impairment loss is reversed through profit or loss; otherwise, any increase in fair value is recognized through OCI. Any subsequent recovery in the fair value of an impaired available-for-sale equity security is always recognized in OCI.

3.4 Investment in Associates

An associates is an entity over which the investor has significant influence. Significant influence is the power to participate in the financial and operating policy decisions of the investee but is not control or joint control of those policies. If an entity holds directly or indirectly 20 percent or more of the voting power of the investee, it is presumed to be having significant influence.

The company does not have any Investment in Associates as on the reporting date.

3.5 Leases

The new standard NFRS 16 has been adopted by the company. Presentation and disclosure has been done as per the provision of operating lease.

3.6 Receivables and Payables

Receivables and payables are accounted on accrual basis. Balance amounts on year end are shown in Statement of Financial Position under 'Other Financial Assets' and 'Other Financial Liabilities' heading.

3.7 Inventory

Cost of inventories comprise of cost of purchase, costs of conversion and other costs in bringing the asset to the location and condition intended to be used by management. Inventories are stated at lower of cost or Net realizable value as per NAS 02. Net Realizable value represents the estimated selling price of the inventory less any estimated costs to sell.

3.8 Cash and Cash Equivalent

Cash and short-term deposits in the statement of financial position comprise cash in hand, cash at bank and short-term deposits with a maturity of three months or less.

3.9 Revenue Recognition

3.9.1 Revenue Recognition for Sales of Electricity

Revenue from the sales of electricity in the course of ordinary activities is measured at the fair value of the consideration received or receivable, net of return, trade discount and volume rebates. Revenue is recognized when persuasive evidence exists, that the significant risks and rewards of the ownership has been transferred to the customer, recovery of the consideration is probable, the associated costs and possible return of the goods can be estimated reliably, there is no continuing management involvement with the goods and the amount of revenue can be measured reliably.

3.9.2 Dividend Income, Interest Income and Other Income

Dividend Income

Dividend income is recognized in the statement of profit or loss when right to receive is established. Management determines the right to receive is established when shareholders approve the resolution of dividend distribution by the entity at general meeting of shareholders.

For the year ended on Ashad 32, 2083

Interest Income and Expenses

Interest income from a financial asset is recognized when it is probable that the economic benefits will flow to the entity and the amount can be measured reliably.

Other Income

Other incomes are recognized when it is probable that consideration associated with the transaction will flow to the company and the amount of revenue can be measured reliably.

3.9.3 Income Tax

As per Nepal Accounting Standard- NAS 12 (Income Taxes) tax expense is the aggregate amount included in determination of profit or loss for the period in respect of current and deferred taxation. Income Tax expense is recognized in the statement of Profit or Loss, except to the extent it relates to items recognized directly in equity or other comprehensive income in which case it is recognized in equity or in other comprehensive income. Income Tax expenses comprises of current and deferred tax. It is recognized in profit or loss except to the extent that it relates to items recognized directly in Equity or Other Comprehensive Income (OCI).

3.9.3.1 Current Tax

Current tax is the expected tax payable on the taxable income for the year. Taxable profit differs from profit before tax as reported in the statement of profit and loss because of items of income or expense that are taxable or deductible in other years and items that are never taxable or deductible. The company's current tax is calculated using tax rates that have been enacted or substantively enacted by the end of reporting period.

3.9.3.2 Deferred Tax

Deferred Tax is computed for temporary differences between the carrying amounts of assets and liabilities, which is the amount attributed to those assets and liabilities for tax purposes. The amount of deferred tax provided is based on the expected manner of realization or settlement of the carrying amount of assets and liabilities, using tax rates enacted or substantively enacted on the reporting date.

Deferred tax assets are recognized for unused tax losses, unused tax credits and deductible temporary differences to the extent that it is probable that future taxable profits will be available against which they can be used. Deferred tax assets are reviewed at each reporting date and are reduced to the extent that it is no longer probable that the related tax benefit will be realized.

Deferred tax is measured at the tax rates that are expected to be applied to temporary differences when they reverse, using tax rates applicable at the reporting date.

Deferred tax assets and liabilities are offset if there is a legally enforceable right to offset current tax liabilities and assets, and they relate to taxes levied by the same tax authority on the same taxable entity, or on different tax entities, but they intend to settle current tax liabilities and assets on a net basis or their tax assets and liabilities will be realized simultaneously.

Deferred tax is provided using the balance sheet liability method, providing for temporary differences between the carrying amounts of assets and liabilities for financial reporting purposes and the amounts used for taxation purposes. The amount of deferred tax provided is based on the expected realization or settlement of the carrying amount of assets and liabilities using tax rates at the balance sheet date.

The principal temporary difference arise from depreciation of fixed assets, provision for retirement benefit, provision for leave encashment, allowance for inventory obsolescence and other provisions.

A deferred tax asset is recognized only to the extent that it is probable that future taxable profits will be available against which the asset can be utilized. Deferred tax assets are reduced to the extent that it is no longer probable that the related tax benefit will be realized.

3.10 Employee Benefits

Employee Benefits, except regular salary and benefits are accounted on accrual basis. Employee benefit liabilities like accumulated leave, gratuity are accounted as per the provisions in the Labour Act.

3.10.1 Defined Contribution Plan

A defined contribution plan is a post-employment plan under which an entity pays fixed contributions into a separate entity and will have no legal or constructive obligations to pay a further amount. Obligations for contributions to defined contribution plans are recognized as expense in the profit or loss as and when due.

For the year ended on Ashad 32, 2083

3.11 Provisions and Contingencies

In accordance with Nepal Accounting Standards (NAS) 37- Provisions, Contingent Liabilities and Contingent Assets, a provision is required to be recognized where there is a present legal or constructive obligation as a result of a past event that can be estimated reliably, and it is probable that an outflow of economic benefits will be required to settle the obligation, the timing or amount of which are uncertain.

The company has made provisions for all those obligations meeting the definition of NAS 37.

A contingent liability is a possible obligation that arises from past events whose existence will be combined by the occurrence or non-occurrence of one or more uncertain future events beyond the control of the Company or a present obligation that is not recognized because it is not probable that an outflow of resources will be required to settle the obligation. A contingent liability also arises in extremely rare cases where there is a liability that cannot be recognized because it cannot be measured reliably. The Company does not recognize a contingent liability but discloses its existence in the financial statements.

A contingent asset is a possible asset that arises from past events and whose existence will be confirmed only by the occurrence or non occurrence of one or more uncertain future events not wholly within the control of the entity.

Provisions, contingent liabilities, contingent assets and commitments are reviewed at end of each reporting period.

3.12 Government Grants

Government grants are assistance by government in the form of transfers of resources to an entity in return for past or future compliance with certain conditions relating to the operating activities of the entity.

Government grants can be Grants related to assets or Grants related to income. Under Grants related to assets, there is a condition that the entity shall purchase, construct or otherwise acquire long-term assets. Grants related to income are grants other than grants related to assets.

Government grants are recognized when there is reasonable assurance they will be received and the corporation will comply with the conditions associated with the grant. Government grants that compensate the corporation for expenses incurred are recognized in profit or loss in the same period in which the expenses are recognized. Grants that compensate the corporation for the cost of an asset are recorded as deferred revenue and recognized in other revenue over the service life of the related asset.

Government grants shall be recognized as income over the Periods necessary to match them with the related costs which they are intended to compensate, on a systematic basis.

Once a government grant is recognized, any related contingent liability or contingent asset is treated in accordance with NAS 37: Provisions, Contingent Liabilities and Contingent Assets.

The company has not received any government grants till date.

3.13 Borrowing cost

As per NAS 23, Borrowing costs are the costs incurred by the company in borrowing loans for construction of assets or any capital goods. Borrowing cost also includes exchange differences to the extent regarded as an adjustment to the borrowing costs. Borrowings can be general or specific. Borrowing costs are capitalized till the construction of asset is complete and is ready for use.

The costs have been charged to Intangible Assets under Development since the asset is yet to come into operation.

3.14 Corporate Social Responsibility (CSR)

As per Industrial Enterprises Act 2076, 1% of net profit shall be allocated to Corporate Social Responsibility Fund and such amount shall be utilized as prescribed.

3.15 Earnings per share

Earnings per share is the portion of company's profit allocated to each outstanding share of common stock. Basic earnings per share is computed by dividing the net profit/ (loss) for the year by the weighted average number of equity shares outstanding during the year.

Basic earnings per share is calculated by dividing the net profit for the year attributable to equity holders of the parent by the weighted average number of ordinary shares outstanding during the year as per the NAS.
